

COLLABORATIVE MISSION

MISSION COLLABORATIVE

The CRIAQ

The mission of the Consortium for Research and Innovation in Aerospace in Québec (CRIAQ) is to enhance the competitiveness of the aerospace industry by fostering innovation among companies through collaborative research. Its role is to bring together ecosystems and develop a new generation of innovators to strengthen Quebec's technological leadership in cutting-edge aerospace applications.

The RDV Forum

With a program rich in content and a variety of formats - including conferences, project idea presentations, and networking sessions - the RDV Forum has established itself as a must-attend event in Quebec's aerospace industry.

What's in store for you at the 2027 edition

Under the theme "Collaborative Mission," the 14th edition of the RDV Forum will bring together academic and industry experts, decision-makers, and key players from the aerospace ecosystem in Quebec and beyond around a common goal: to advance the industry through partnerships and collaborative research.

This edition, which will take place on February 24, 2027, at the Grand Quay of the Port of Montreal, will focus on several key areas: **sustainable aerospace, advanced air mobility, digital aerospace, space, and defense**, thereby providing an opportunity to foster strategic projects.

The RDV Forum 2027 will also mark CRIAQ's 25th anniversary, a significant milestone that we will celebrate throughout the year with the entire Quebec aerospace community.

Who will you meet?

Organization Profiles

Large companies

SMEs

Startups

Universities

Research centers

Governments

International organizations

Participant Profile

CEOs and Senior Executives

Entrepreneurs

Vice Presidents

Scientific Directors and R&D Directors

Professors

Researchers

Students and Postdoc

Sales Directors

Advisors

Why become a Partner?

By becoming a partner of the CRIAQ RDV Forum, you position your organization at the forefront of aerospace innovation and grow your business while shaping the future of air mobility. You'll benefit from an exceptional showcase in front of more than 400 key players in the aerospace industry.

As a partner, you'll have the opportunity to:

- Raise your profile within the innovation ecosystems of Quebec, Canada, and the world
- Expand your business opportunities
- Forge new relationships and build fruitful collaborations for your projects
- Showcase your technological solutions and expertise
- Highlight your organization's commitments and initiatives
- Gain visibility with government agencies
- Build and strengthen your organization's reputation
- Learn more about sustainable aerospace, advanced air mobility, digital aerospace, space, and defense
- Discover the latest technology trends and funding programs
